

TRANSFER PRICING

GLOBAL GUIDE SERIES

General Editor: David W Chodikoff, Miller Thomson LLP

This second edition of the Transfer Pricing Global Guide provides essential reading for lawyers, corporate counsel, finance directors, and tax advisers.

Written by leading lawyers in their respective countries, this reader-friendly guide can be used as a starting point for those not acquainted with the legal particularities of a jurisdiction in connection with transfer pricing. The guide provides a high-level overview of the law on transfer pricing in 38 jurisdictions and covers the relevant domestic legislative framework, national policy, international transfer pricing treaties and agreements, dispute resolution mechanisms, transfer pricing case law, current trends and developments, and relevant rules on tax enforcement and tax avoidance.

- Reader-friendly Q & A format allows for easy cross-jurisdictional comparisons, covering 38 key jurisdictions worldwide
- Jurisdictional contributions and key institution chapters are provided by recognised leaders in the field
- Provides a quick and easy first look at key issues in Transfer Pricing proceedings, helpful to general counsel and their clients.
